TinyHerbs GutActive 50 ml | 50 ml

Manufacturer	
Product number	4510
Weight	0.0505kg
Length	36mm
Width	36mm
Height	117mm

Product description

Complementary feed (liquid, fermented) for rodents

For the nutrition-related support of the intestinal flora

For the production of **TinyHerbs GutActive**, wild and spice plants are fermented together in a natural process. During this fermentation, the probiotic microorganisms multiply by breaking down the sugars and turning them into lactic and acetic acid. Only when the sugars are completely degraded, the fermentation process is complete. Hereby, the probiotic microorganisms produce the substances that are so valuable to us, such as e. g. lactic acid, antioxidants, enzymes, and vitamins. This special mixture of valuable lactic acid bacteria et al., can regulate the pH in the digestive tract, and the development of pathogenic bacteria is naturally reduced. This makes **TinyHerbs GutActive** to a holistic product in which all components complement and work together.

The fermented herbs in the **TinyHerbs GutActive** support the balance of the intestinal flora and the entire microbiological situation. This promotes physiological digestion and stimulates the natural immune system.

Expert tip: Before the first feeding **TinyHerbs GutClean** is recommended.

Composition: stinging nettle, echinacea, hibiscus, oregano, peppermint, stevia, fenugreek seed, ribwort plantain leaves, licorice root, yarrow herb, wormwood herb, marshmallow roots, thyme, Chinese rhubarb root, anise, fennel, raspberry leaves, cowslip roots, aronia berries pomace, spiny restharrow roots, rosemary leaves, sunflower blossoms, rock salt, sugar cane molasses

Analytical constituents: crude protein 0.2%, crude fat 0%, crude fiber 0.2%, crude ash 0%, moisture 98.3%, sodium 0.031%

Feeding recommendation: 1-3 ml/L drinking water or 2-5 drops/50 ml drinking water 1 x daily for a minimum of 4-6 weeks. Thereafter, regular feeding is recommended 1-2 x a week or as required. 10 drops correspond to approx. 0.3 ml.

Store it cool and dark, protect from frost!
