Fit-Crock Classic Lamb Maxi 2 kg | 2 kg

Manufacturer	Fit-CROCK®
Product number	4405
Weight	2kg
Length	115mm
Width	180mm
Height	320mm

Product description

Complete feed for dogs

Natural, cold-pressed dry dog food with lamb meat – **without gluten !**

Fit-Crock Classic Lamb is a purely natural dry feed for dogs and contains no synthetic additives (another cause of the so-called 'food allergy'). This means that the metabolism is not additionally burdened.

Fit-Crock Classic Lamb is designed as a basic feed. Balanced natural ingredients ensure a broad supply and optimum nutrition in a natural way. We take nature as our model and use it as a guide. The moderate fat and protein content in **Fit-Crock Classic Lamb** provides an optimal nutritional basis, whereby a performance-related addition of meat (partial BARF) and other suitable fresh foods is often sensible and well tolerated.

Why you should feed your dog Fit-Crock Classic Lamb:
The very firm chunks clean the teeth. The cold-pressed feed breaks down into its components in the stomach, the stomach is not overstretched (it does not swell up!). As the food has to be digested intensively, intestinal peristalsis is supported and natural intestinal cleansing is promoted. The dog's feces become much firmer - this has the following advantages: The anal glands are emptied regularly (constipation is avoided) and the feces can be removed more easily.

Composition: maize, meat and animal by-products (13.5% lamb & sheep meal, 5% blood meal, 1.9% beef fat), rice, maize germs, beet pulp, carrots, marine fish meal, molasses, brewers' yeast, whey powder, soybean oil, grape pips meal, linseed oil, maerl, stinging nettle herb, birch leaves, milk thistle herb, dandelion, malt rootlets, seaweed meal, rosemary

Analytical constituents: crude protein 19.9%, crude fat 7.2%, crude fiber 3.2%, crude ash 5.5%, calcium 1.2%, phosphorus 0.7%

Feeding recommendation as main feed:

Weight of the dog	Daily amount
1 – 5 kg	50 – 100 g
5 – 10 kg	100 – 200 g
10 – 20 kg	200 – 300 g
20 – 35 kg	300 – 400 g
35 – 50 kg	400 – 500 g
50 – 65 kg	500 – 600 g

The information on our cold-pressed dog food is merely a guideline for a balanced diet that is based to the dog's needs. However, they should be adapted to the individual needs of the dog, as requirements can vary depending on the breed, age and size of the dog, training performance, and ambient influences. Fresh water should always be available.

Store it cool and dry. Protect from direct sunlight.
