MitesEx Ear Cleaner 20 ml | 20 ml

Manufacturer	insektoVet®
Product number	616
Weight	0.02kg
Length	28mm
Width	28mm
Height	102mm

Product description

Repellent

Drops for repelling ear mites

MitesEx Ear Cleaner contains the active ingredient from the leaves of lemon eucalyptus. It is used to repel ear mites and to clean and care for irritated and sensitive external auditory canals in dogs, cats, and other pets.

Ear mites are an unpleasant problem for our pets. The mites like to nest in the external auditory canal and the inner auricle. An infestation can be recognized by the often intense itching. The animals often shake their heads and may even scratch themselves bloody. Furthermore, large amounts of reddish-brown to black earwax are produced. If the mites are not expelled in time, secondary bacterial infections may occur. **MitesEx Ear Cleaner** repels these pests and gently and thoroughly frees the ears from mites.

Expert tip: Due to dirt particles flying out, cleaning should be done outdoors or in a tiled room.

Active substance: *Eucalyptus citriodora* oil hydrated, cyclized (EC Oil (H/C)) 100 g/L, BAuA Reg.-No.: N-84837. Origin of the active substance from the leaves of lemon eucalyptus

Application recommendation: Shake **b**efore use. Keep the animal's head slightly lowered (ear canal direction) and apply 1-3 squirts of **MitesEx Ear Cleaner** daily into the external ear canal, depending on the size of the animal. Careful massaging can further improve the cleaning and care effect. The gently dissolved dirt and earwax is then shaken out by the animal on its own.
Application time: 1 x daily for 3 weeks, then 1-2 x per week until improvement. 1 squirt = ca. 0.2 ml.
Storage not below 18°C.

WARNING • Causes serious eye irritation. Keep out of reach of children. Wear protective gloves/protective clothing/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
