TickEx 50 ml | 50 ml

Manufacturer	insektoVet®
Product number	750
Weight	0.05kg
Length	36mm
Width	36mm
Height	124mm

Product description

Repellent

Spray for repelling ticks

TickEx is a highly effective tick repellent spray with an immediate effect. The active ingredient contained in the spray, made from the leaves of lemon eucalyptus, adheres to the skin and hair of the treated animal. The ticks are deterred from biting by the smell. This reduces the risk of tick bites when walking the dog or letting the cat run free.

Expert tip: TickEx is highly recommended in combination with **insektoVet Ambient Spray**, which repels ticks in the surrounding area.

Active substance: *Eucalyptus citriodora* oil hydrated, cyclized (EC Oil (H/C)) 100 g/L, BAuA Reg.-No.: N-84838. Origin of the active substance from the leaves of lemon eucalyptus

Application recommendation: Shake before use. Spray **TickEx** 1-2 x daily against the coat line, dampen coat evenly, then massage in. Do not spray directly on face and eye area, but treat accordingly with still wet hands. Avoid direct contact with eyes and mucous membranes!
Quantity applied: Up to 250 ml bottle: ***cats, small dogs (up to 10 kg)*** 3-6 sprays, ***midsize dogs (up to 25 kg)*** 10-15 sprays, ***large dogs (over 40 kg)*** 20-30 sprays. 1 spray = ca. 0.15 ml. From 500 ml bottle: ***medium dogs (up to 25 kg)*** 1-2 sprays, ***large dogs (over 40 kg)*** 2-4 sprays. ***Horses:*** 20-30 sprays. 1 spray = ca. 1.3 ml.
Storage not below 18°C.

WARNING • Causes serious eye irritation. Keep out of reach of children. Wear protective gloves/protective clothing/eye protection/face protection.
