Product description

Care product for animals

Fragrance oil spray for animal-specific scent coverage toward crawling and flying insects - from flea, mosquito and horsefly to tick

With **insektoVet Combi Spray**, ***cd****Vet* has developed a revolutionary product that effectively masks your pet toward summer nuisances from flea, mosquito and horsefly to tick. Flying and crawling insects no longer perceive the animal as an attractive host worth attacking.

The basis for **insektoVet Combi Spray** is a unique combination of various essential oils, that mask the animal's natural scent. **insektoVet Combi Spray** is gentle to the fur and skin of the animals - a MUST for every pet owner.

Expert tip: Of course, **insektoVet Combi Spray** can be combined with our other ***cd****Vet* products such as **insektoVet Herbal** and **insektoVet Coconut-Black Cumin-Oil**.

Composition: aqua, emulsifier, black cumin oil, geranium oil, lavender oil, cedarwood oil, clove oil, juniper berry oil, citronella oil, catnip oil

Application recommendation: Shake before use. Spray on 1-2 x daily against the fur line, dampen fur evenly, then massage in. Do not spray the face and eye area directly, but treat accordingly with still wet hands.

Contains Cedrus atlantica, extact, lavender oil, citronellol, eugenol, pin-2(3)-ene, geraniol, and citronellal. May cause allergic reactions.
