Product description

herbaVet Fungin is a natural hair and skin care product consisting of high quality oils (calendula, lavender, frankincense), which support the natural regeneration of damaged skin and have excellent nourishing properties. Fur and skin get more shine and smoothness again.
The contained salt particles of the dead sea salt gently cleanse the skin of your pet and can stimulate the self-healing powers of skin cells. With regular use, the combination of sea salt and lavender promotes the formation of a strengthened skin flora and harmful germs and fungi, the re-colonization of the skin is made more difficult. Aloe vera provides extra moisture.

herbaVet Fungin is also suitable for cats.
