priVet Oregano Gut Elixir 20 ml | 20 ml

Manufacturer priVet Farming®

Product number	2260
Weight	0.0205kg
Length	28mm
Width	28mm
Height	77mm

Product description

priVet Oregano Gut Elixir was specially designed for poultry and contains, in addition to essential oils of oregano, digestion-optimizing tannins. The digestive tract is supported by stimulating enzyme formation and improving feed conversion. Tannins, with their astringent properties, can help seal permeable intestinal mucosa and optimize fecal consistency. priVet Oregano Gut Elixir thus supports the condition of the intestinal flora in a nutrient-related way. A well-conditioned and immune-strengthened intestinal ambience makes it more difficult for endoparasites to settle in the intestine. This in turn also lowers the germ pressure in the stable, as fewer pathogenic germs are consequently excreted. Therefore, a healthy intestine is of particular importance for keeping animals healthy. stabilizes the intestinal flora improves feed conversion optimizes fecal consistency strengthens the immune system
