ArthroGreen Collagen 2 kg | 2 kg

Manufacturer	ArthroGreen®
Product number	1423
Weight	2kg
Length	200mm
Width	200mm
Height	205mm

Product description

ArthroGreen Collagen - so everything runs like a clockwork

ArthroGreen Classic was completed with well utilizable collagen peptides. This unique combination of greenshell mussel (non-defatted mussel meat), collagen, and metabolism-supporting herbs can, through the ingredients contained, strengthen the joints and increase their resistance to injury. Chondroitin sulfate, glucosamine glucans, collagen, and silicic acid can stimulate the self-regulation and regeneration of cartilage-forming cells.

non-defatted mussel meat of the New Zealand greenshell mussel
improved joint functions
increased joy of movement
more quality of life
