Nerves Food 40 g | 40 g

Manufacturer	cdVet
Product number	652
Weight	0.04kg
Length	45mm
Width	45mm
Height	70mm

Product description

Stress is a completely normal alarm reaction of the body. In addition to many other factors, inadequate nutrition can also be a trigger for permanent stress. There are a variety of vitamins, minerals, and secondary plant substances from which anxious, restless, or easily irritable animals can benefit without experiencing the disadvantage of a negative influence on the waking state.

Due to the mild recipe of Nerves Food, an effect can be expected only after about 8 days. This time should be taken into account when feeding, especially in upcoming situations that can negatively affect the animal's mind, such as long journeys, new environments, or unfamiliar soundscapes.
