priVet WK-Mix 300 g | 300 g

Manufacturer	priVet Farming®
Product number	4842
Weight	0.3kg
Length	98mm
Width	98mm
Height	127mm

Product description

Complementary feed (powder) for ruminants, donkeys, pigs and poultry

Wild herbs for an intestinal ambience hostile to worms

priVet WK-Mix has been developed for the special nutritional needs that arise in connection with colonization by worms. The lack of herbal ingredients, such as saponins, bitter substances, and tannins, can make our pets susceptible to excessive colonization by worms. In contrast to their conspecifics living in the wilderness, they often do not have the opportunity to absorb those substances through plants and herbs. However with their wild relatives, precisely these substances lead to avoid an excessive, pathological colonization by worms.

In order to have less often a reason for chemical deworming cures, the animal's intestine should therefore be supported with appropriate herbs that are contained in **priVet WK-Mix**. Besides of a balanced diet, you can achieve this by the occasional addition of the complementary feed **priVet WK-Mix**, which can compensate for the lack of herbal ingredients, such as saponins, bitter substances and tannins. In addition, many specialists for parasitology recommend checking the colonization by worms of the animal by regularly monitoring the faeces samples.

Expert tip: If the indicated feeding recommendation is not possible due to husbandry reasons, an alternative feeding with a higher quantity may be used:
Cattle/pigs/goats/sheep/alpacas/fallow deer: 2 g/50 kg body weight on 3 consecutive days - 10 days break - 2 g/50 kg body weight on 3 consecutive days.
Donkeys: 2 g/100 kg body weight on 3 consecutive days - 10 days break - 2 g/100 kg body weight on 3 consecutive days.
Feeding should be repeated every 3 months.

Composition: pumpkin seeds, carrot pomace, walnut leaves, coconut grated, ash bark, rose hip fruit, coriander fruit,

wild garlic herb, southernwood herb, dandelion root, thyme leaves, dandelion herb, lemon balm leaves, wormwood herb

Additives/kg: Flavouring compounds: oregano oil 4.5 g.

Analytical constituents: crude protein 15.8%, crude fat 10.2%, crude fiber 16.9%, crude ash 9.0%, calcium 1.01%, phosphorus 0.42%, sodium 0.13%

Feeding recommendation: Add daily to the feed. ***Cattle/pigs/goats/sheep/alpacas/fallow deer:*** 1 g/50 kg body weight. ***Donkeys:*** 1 g/100 kg body weight. ***Poultry:*** 0.4 g/animal. Duration of feeding is 20 days. 1 tsp. corresponds to ca. 2 g. Feeding should be repeated every 3 months.
