Fit-BARF Repletion Mix 2.5 kg | 2,5 kg

Manufacturer	Fit-BARF®
Product number	1642
Weight	2.5kg
Length	200mm
Width	200mm
Height	205mm

Product description

Fibers are a component of plant foods and increases the volume of food without significantly increasing the energy content at the same time. Their high swelling capacity binds liquid in the stomach and creates a feeling of satiety. Fibers prolong the time spent in the stomach. When passing into the intestine, the high-fiber food pulp stimulates peristalsis due to its volume. The fibers contained in Fit-BARF Repletion Mix are used by the intestinal bacteria of the large intestine mucosa as nutrition for their mucosal cells and provide a positive intestinal flora. The ingredients contained in Fit-BARF Repletion Mix boost the metabolism and contribute to more vitality by regulating the acid-base balance.

highly satiating
natural fibers
prebiotic - strengthens the intestinal flora
improves the consistency of feces
