AloeVera Drink 500 ml | 500 ml

Manufacturer	
Product number	650
Weight	0.5025kg
Length	76mm
Width	76mm
Height	161mm

Product description

Aloe vera, the well-known desert plant with the fleshy leaves, belongs to the lily family and combines many wonderful properties in its milky-looking gel, which is used as food or also for intensive skin care. In addition to its excellent ability to store water in the thick fleshy leaves, it also contains a variety of ingredients such as water-soluble vitamins, salicylic acid, amino acids, and glycoproteins, making it perfect for daily feed supplementation.

The composition of gel and natural acid can also have a beneficial effect on the natural pH of the stomach and intestines. The secretion of the digestive glands can also be gently stimulated, contributing to a healthy digestion and maintenance of a physiological intestinal flora.
