

HustaVet Immune 1.6 kg | 1,6 kg

Manufacturer

HustaVet®

Product number 2016

Weight 1.6kg

Length 200mm

Width 200mm

Height 210mm

Product description

Animals with long-standing sensitivities of the respiratory tract function are often impaired in their overall immune defense. Since a large part of the immune defense is ensured via the intestine, HustaVet Immune also contains intestine-optimizing ingredients in addition to respiratory supporting bronchial herbs. The naturally contained vitamins can support the immune system. An optimal supply of vitamins and selected herbs promotes the immune defense and supports the physiological organ functions, e.g. the respiratory tract.

contains respiratory supporting bronchial herbs and vitamins that can support the immune system
supports the physiological organ functions e.g. of the respiratory tract
