Product description

Fit-BARF MicroMineral contains 100% purely natural ingredients, which are rich in natural, easily available micronutrients, such as minerals, trace elements, vitamins, etc. Due to their plant origin, the detoxification organs are not further burdened, which allows an optimal, natural micronutrient supply of calcium, magnesium, a whole complex of vital trace elements and alginates thus.

Special attention should be paid to an optimal micronutrient supply:

in growth
in fur changing
in training and competition use
in breeding
at stress
at problems with fur and skin
at older animals
at metabolism problems and allergies

Possible consequences of nutrient deficiency:

problems with the fur change
flaky skin
dull fur
developmental delay
degeneration of bones and joints

weakened immune system
early signs of aging
susceptibility to stress
birth difficulties
