Product description

Whether it is the rampaging and playing young dog that falls over its own paws every now and then, or the young foal that cuts a caper in the paddock, or the elderly senior who can't quite get out of his basket or box in the morning. The joints have to do a lot, and every now and then they also have a bad day, and need a little bit of our support. Then how about a supportive, soothing care from the outside. ArthroGreen Pysio Gel is easy to apply, and a boon for tendons, ligaments, and joints.
