<b>Length</b>	99mm
<b>Width</b>	99mm
<b>Height</b>	222mm

### Product description

#### *Feed material for dogs, cats, horses and other pets*

Nutrition-related support of the gastrointestinal activity, powder

Natural bog consists of organic matter from primordial plants. Its numerous humic acids, minerals, and trace elements make it an excellent supplementary feed. It supports the gastrointestinal activity in a natural way and can have a regulating effect on the production of excess gastric acid when fed regularly. In addition, it has a positive influence on feces and litter eating dogs.

**Composition:** peat (dried)

**Analytical constituents:** crude fiber 19.4%, ash insoluble in HCl 4%

**Feeding recommendation:** Add daily to the feed as required. Cats, rodents: 1-2 g/animal. Dogs: 2 g/10 kg body weight. Horses: 4.5-8 g/100 kg body weight. 1 tbsp. corresponds to approx. ca. 4 g.

### Product properties
