Gentle cleaning and soothing care of the outer ear area

With **VeaVet Ear Care mild**, you clean and care for the ears of your pet in a gentle manner. Especially drooping ears or ears with heavy hair growth are often impaired in their natural cleaning. The earwax (cerumen) is poorly or not at all transported to the outside and can lead to a blockage of the external auditory canal. Sebum and cerumen form thereby the breeding ground for pathogenic fungi and bacteria.

Stubborn soilings are solved through the regular, gentle cleaning with **VeaVet Ear Care mild**. Renewed soiling adhesions can be avoided. **VeaVet Ear Care mild** promotes the formation of a skin ambience that makes it difficult for harmful fungi and bacteria to recolonize. **VeaVet Ear Care mild** naturally supports ear health.
