Product number	4365
Weight	0.45kg
Length	80mm
Width	110mm
Height	170mm

Product description

Complementary (muesli) feed for dogs and cats

Natural vegetable muesli - *grain-free*

Our natural vegetable mix contains dried vegetables, which soaked with water, provides a nutrient-rich, species-appropriate supply of dogs and cats. In premium quality, our **Fit-BARF VegetableMix** is the ideal complementary food for daily feeding with meat (fresh meat, canned meat).

- 6 types of vegetables
- GENTLY DRYED: select vegetable flakes for dogs and cats as an ideal addition to feeding with raw (BARF) or cooked meat (e.g. canned meat).
- SAFE & NATURAL: 100% natural, gluten-free and grain-free food supplement that is completely free of artificial additives.
- EASY TO PREPARE: let it swell with warm water and then mix it with fresh or canned meat
- Suitable for dogs and cats of all ages (young, adult, senior) and breeds

Expert tip: Add a dash of oil (**Fit-BARF Feeding Oil**, **Fit-BARF Cod Liver Oil**, **Fit-BARF Oil 3-6-9**) to the feed, as the oil allows fat-soluble vitamins to be better absorbed by the organism.

Composition: parsnip, potato, beetroot, carrot, pumpkin, zucchini

Analysical constituents: crude protein 8.1%, crude fat 1.3%, crude fiber 5.6%, crude ash 4.9%

Feeding recommendation: Up to 20-40% of the daily ration as soaked muesli. The amount of plant content depends on the age, activity and body weight of the animal. Soak muesli for ca. 60 min. or overnight with warm water or meat broth (1 part muesli, 4 parts liquid) then mix into the feed. 1 g of dried vegetables corresponds to approx. 10 g of fresh produce.
