Manufacturer	EquiGreen®
Product number	1325
Weight	0.25kg
Length	62mm
Width	62mm
Height	134mm

Product description

EquiGreen Back of the Pastern Spray cares for and protects the irritated, stressed skin of the horse. Via milieu-improving ingredients, the self-regulation is strengthened and the colonization of pathogenic microorganisms and fungi on the skin is impeded. Nourishing oils and sea salt soothe the skin and contribute to faster regeneration. EquiGreen Back of the Pastern Spray reduces itching and chafing and can, therefore, be used as an adjunctive therapy for malanders and abrasions, as well as for skin irritations in the tail or mane area.

reduces itching
strengthens the skin microbiome
nourishes and protects
promotes regeneration and stabilizes
