VetCarotin 90 g | 90 g

Manufacturer	
Product number	291
Weight	0.09kg
Length	67mm
Width	67mm
Height	89mm

Product description

VetCarotin is rich in carotene, essential vitamins, and trace elements, such as calcium, iron, magnesium, manganese, phosphorus, potassium, and iodine. These ingredients are important for a good hair coat, good pigmentation, high resistance, good eyesight, organ metabolism, blood and cell structure, and for anoptimal and healthy young animal development.

VetCarotin is a purely natural, ground carrot pomace, which is given daily to the normal feed. The contained β?-carotene (provitamin A) is converted in the body to vitamin A and serves the organism, among other things, to build up, cover and seal the outer layers of the skin and the mucous membranes of the respiratory and digestive system, as well as the urinary and sexual system. In the case of nutrition-related diarrhea, it can be used, in combination with GutClean, for support.
