MicroAgrar Universal 25 kg | 25 kg

Manufacturer	cdVet Agrar
Product number	10010
Weight	25kg
Length	430mm
Width	200mm
Height	800mm

Product description

Is the law of minimum insufficient realized there could develop deficit situations which can often lead to profit cuts. Similarly the whole organism of the animal can be stressed through an oversupply with synthetic additives and toxins (toxins of fungi). For counteract beginning problems like for example depressions in performing. MicroAgrar Universal was advanced off established cdVet products. MicroAgrar Universal provide an optimal supply with minerals, trace elements and selected herbs which support the physiological functions of the organs and metabolism processes. These are the precondition for a healthy life. What is important? - enhanced supply of micronutrients - Optimal mineral utilization - Binding of toxins - Better feed conversion by optimizing cellular ion exchange - Discharge of the detoxification organs by high availability of calcium and magnesium - 100% natural - Assists in performance depression and optimized metabolic processes - Less crude protein requirements by stimulation of protein metabolism = savings of protein carriers - Better stable air - Optimized joint and bone condition - Control of feed intake
