EquiGreen SeniorHorse 6 kg | 6 kg

Manufacturer	EquiGreen®
Product number	2044
Weight	6kg
Length	320mm
Width	175mm
Height	530mm

Product description

Especially in older horses, the physiological body functions are often weakened. By an optimal supply of vitamins, trace elements, amino acids and selected herbs nutritional deficiencies can be compensated.

A balanced diet with optimal basic nutrients, appropriate concentrate intake and the best complementary feed is just as important as the best environmental conditions, as well as a personalized training program.
