Fit-BARF Mineral 300 g | 300 g

Manufacturer	Fit-BARF®
Product number	4126
Weight	0.3kg
Length	67mm
Width	67mm
Height	119mm

Product description

Minerals and trace elements are indispensable building blocks of the body. Especially the calcium supply plays a major role in raw feeding. This can only be achieved by feeding sufficient bone. Not every dog can or wants to eat bones, and in the case of cats, feeding whole prey animals (mice or chicks) is not always problem-free. Fit-BARF Mineral offers a well utilizable source of calcium for daily feeding.
