Tea4Vet No 8 Liver 150 g | 150 g

Manufacturer	Tea4Vet
Product number	1541
Weight	0.15kg
Length	70mm
Width	160mm
Height	270mm

Product description

Herbal teas have a long tradition all over the world and have been prepared for thousands of years. It is an art to mix tea plants, so you should use proven blends. The acceptance of the dogs of teas is usually excellent. Both pure and as a food supplement, they are gladly accepted. Tea preparation makes the ingredients highly available. Herbal teas should be given for 2 - 4 weeks. The amount of tea depends on the size of the dog, about 250 ml per day for a medium sized dog is an approximate guideline. At smaller dogs, the amount is cut in half, quartered or even eighths. In large breeds such as Newfoundlander, Bernese Mountain Dog or Great Dane can even be fed up to twice the amount. You can offer the tea undiluted next to the drinking water or through the feed. The tea keeps in the fridge for 1 - 2 days.
