Product description

Blood circulation is an essential factor in the course of all bodily functions. This is because the body can only initiate healing processes where blood flows. **Blood Circulation Gel** supplies the skin with nutritional and care substances and intensively promotes blood circulation without making the skin brittle. **Blood Circulation Gel** is particularly nourishing, refreshing and soothing. It is quickly absorbed by the skin and hereby does not leave any irritating residue on the fur.

Blood circulation is important:

- for bruises
- for the respiratory tracts
- for the teats condition
- for sore muscles
- for tension of muscels
- for overstraining of joints
- for hematomas
- for stimulating the metabolism
