Product description

herbaBARF Mineral Complex Cat has been developed for the daily basic supply of minerals and vital substances in all areas. The natural ingredients, which are rich in micronutrients such as minerals, trace elements, vitamins, humic acids, taurine and others, can prevent deficiency situations. Calcium intake plays a particularly important role when feeding raw meat. The New Zealand greenshell mussel (non-defatted mussel meat) is a natural source of taurine. Due to the plant-based origin of the micronutrients, the detoxification organs are not further burdened. herbaBARF Mineral Complex Cat therefore provides an optimal, natural supply of micronutrients. Excellent source of vitamins, minerals, and trace elements Natural source of iron - can stimulate blood formation Gastrointestinal regulation by humic acids Cell protection through antioxidants 100% natural
