HustaVet acute 250 ml | 250 ml

Manufacturer	HustaVet®
Product number	6017
Weight	0.248kg
Length	62mm
Width	62mm
Height	137mm

Product description

The horse's entire body is designed for movement and speed. The respiratory organs are also correspondingly efficient. Unfortunately, this naturally results in a high sensitivity to cold and dusty air.

HustaVet acute contains essential oils, which can improve the self-cleaning mechanism of the bronchial tubes, and natural mucilage, which has a protective and soothing effect on the sensitive mucous membranes of the respiratory tract. It also contains excellent sources of vitamin C and a variety of secondary plant substances that the immune system needs to maintain its function. This selected combination of high-quality herbs makes HustaVet acute a beneficial feed supplement for horses with sensitive respiratory tracts.
